Dear NH Gospel Radio Listeners,

Opportunity Have you heard the good news? NHGR has expanded its reach again! We now broadcast to the Ossipee/Conway area on 91.1 FM. Opportunity knocked, and we said, “yes!”. We took a leap of faith as we watched God opening a door to purchase 91.1 FM, WMTP (which we renamed WJNH). The fact that we have two signal frequencies that are the same is not serendipitous but a fun way the Lord orders things. Now listeners can hear the same station while traveling between Concord and Conway without changing the channel. God is always at work in the details.

Thanks We want to thank *Word Radio* in Eastern New Hampshire for the cooperative effort and generosity to make this transition of 91.1 FM in the Conway/Ossipee area! In addition to them, we have much gratitude to go around. Both Peter Stohrer, broadcast engineer, former President of NHGR, and now current Technical Director; and John Donovan, current President of NHGR, for all their dedication and commitment of time and effort to keep Christian radio on the air in NH! The Word says to “give honor where honor is due” and certainly these gentlemen are due honor for giving their time and giving again! Another praise and unexpected blessing came as a 50% discount from a construction company specializing in tower construction resulting in an ~\$8,000 savings. We have been working together and continue striving for the Gospel's sake so that all will hear the message of Jesus!

Cost George Dykstra and his wife Annamae are always busy as bees behind the scenes keeping track of NHGR's finances and doing many tasks that are hardly ever seen and we thank the Lord for their faithful service to Him and to us! During the purchase of WJNH, we had a single financial partner who gave a large donation and, unbeknownst to them, it was just hours before we needed it. Thank you! The acquirement of a new class A station comes with many costs including construction and professional costs, new lease commitment, equipment, relocation costs, increased annual content fees, legal fees, and many more that totaled approximately \$70,000. The acquisition of this new station increases our reach significantly and will raise our monthly costs by approximately \$2,500 per month to maintain our network, but God is faithful, and we thank Him for so many of you who are so generous and faithful in contributing to this meaningful and important parachurch ministry.

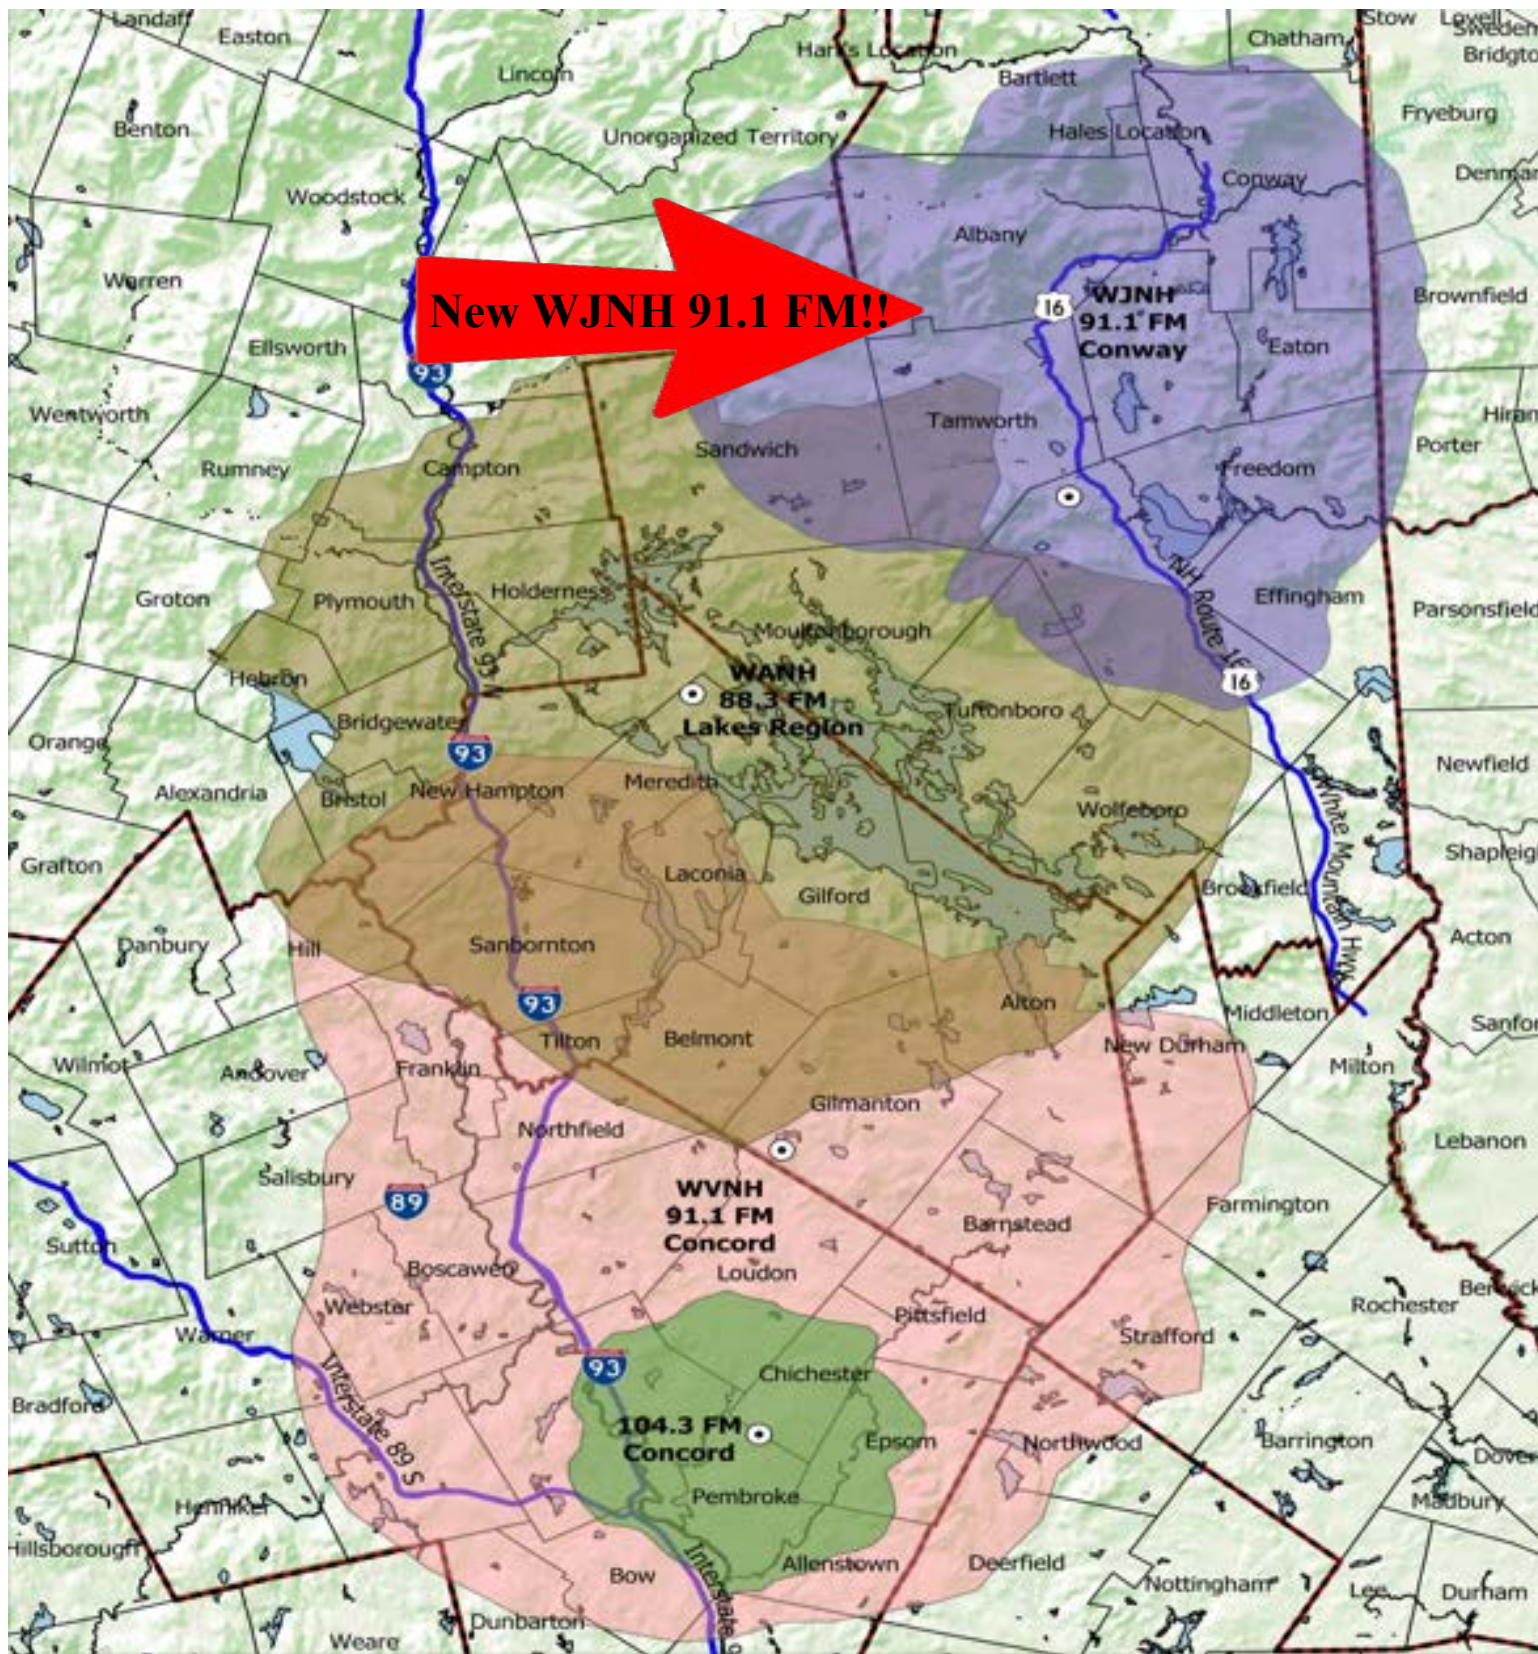

New Overnight Program Line-up - *In order to reach a population during the overnight hours, combined with the fact that New Hampshire ranks in the top five states with the highest rate of opioid-involved deaths, we have changed our night programming to offer an array of biblical teaching and programs like Pathway to Victory with Dr. Robert Jeffress, and Unshackled, which speaks to “Real people...real-life stories...stirring, dramatic accounts of hopelessness, and the hope that changes everything”. Check out the program lineup at www.nhgr.org*

SHARE NH Gospel Radio on social media platforms like Facebook, Twitter, and Instagram. Share the Love of Jesus with us. If you have a great testimony, consider sharing it, and don't forget to **#NHGospel... Share what's good and share hope!**
